Christmas Holiday Topic Homework

Dear Parents and Carers,

We have had a very busy couple of weeks with the Christmas tree walk, Panto and our Nativity to name just a few. We hope you enjoyed our production of 'Lights, Camel, Action!'

Our next topic is: 'Moon Zoom.' We'll be lifting off into space as an astronaut, exploring planets and creating packs for our alien visitors.

There is no spelling or maths homework to complete over the Christmas holiday, but I would like each child to complete a piece of good quality topic homework from the list below. Each child is encouraged to share and discuss their work with the class before we incorporate it into a topic display. This work will need to be secured to a display board. Topic homework is due when we come back to school – Monday 6th January.

Moon Zoom Topic Homework:

*Make your very own space fact book.

*Help an adult find the names of all the people who have walked on the Moon. There are 12 of them!

*Use an app to find constellations, planets and stars in the night sky. Which constellation is the easiest to recognise? Which star is the brightest?

*Imagine you're an astronaut completing different space missions and make a mini book about your work.

*Make up a space song or rhyme. Be ready to teach the class.

*Create your own space themed top trumps cards.

*Bake your own space themed cookies or biscuits. They could be star, rocket or planet shaped. They could even include space rocks such as popping candy!

*Keep a sky at night journal for a whole week. Write about everything you can see in the sky. You could draw a picture of the moon every night. Does it change over the course of the week?

I hope you have a lovely Christmas holiday.

Best wishes,

Miss Purves
