

**NEWSLETTER 26.04.2024**

**Celebration Assembly**

Our celebration assembly took place this morning.

Certificates were awarded to:

Pegasus – Yan and Brielle

Unicorn – Chloe and Isabelle

Phoenix – Thomas and Finn

Griffin – Henry and Fern

Congratulations to those Year 5 pupils who completed their Bikeability training at the beginning of the week. The volunteers from Windrush Bike Project were very complimentary about the behaviour, enthusiasm and politeness of our pupils which made us very proud.

**Parking at The Lamb and Flag**

Some parents are still using The Lamb and Flag car park or parking on the road on the lowered curb at drop off and collection. On a number of occasions, the people who live/work at the pub have reported being blocked in or unable to park. May we please remind you to use the laybys when dropping off and collecting your children for your own safety and to be respectful to our neighbouring community.

**Class Dojo**

Please may we remind you to check Class Dojo regularly for messages/posts from your child’s class teacher. We are aware that a number are not being read and they often contain important information and reminders. Thank you.

**After School Clubs**

We are hoping to run some bookable additional after school clubs after May half term as part of our extended provision. This will be offered at the same charge as After Owls. Please can we ask parents of pupils from Reception to Year 6 to complete the survey which can be found using this link by Thursday 23<sup>rd</sup> May to indicate which clubs your child may be interested in:-

<https://forms.gle/RsiFqBFkaj2uqVHD7>

Please complete one survey per child. Unfortunately, at this time, we are not able to offer any additional after school clubs for our Nursery pupils. Thank you.

**No Mow May**

No Mow May is campaign to give wildlife a much-needed boost during summer. Could you join OCC, by not mowing all or some of your green space? It's a great opportunity for children to see plants blooming and wildlife buzzing around and to learn about why they're so important. Letting wildflowers and grasses grow during May will provide a feast for pollinators, as well as helping to tackle climate change.

***From all at Hailey School, have a good weekend.***
